RESPONSE TO RESTRICTION

REQUIREMENT

Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450

Sir:

In response to the Restriction Requirement mailed July 8, 2003, Applicants elect Group I, claims 1-30, drawn to an isolated PRE nucleic acid and a recombinant virus comprising the PRE sequence as well as a method for eliciting an immune response.

The foregoing election is made with traverse, as the two groups set forth by the Examiner all stem from a common inventive concept and theory, and are thus related. As such, prosecution of the claims of the two groups would not place a substantially greater burden on the Examiner. Applicants therefore respectfully request that the Examiner withdraw the Restriction Requirement and consider the claims together.

Appl. No. 09/673,716 Amdt. dated August 1, 2003 Reply to Restriction Requirement of July 8, 2003

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 415-576-0200.

Respectfully submitted,

Chuan Gao
